

## **Tayside for Justice in Palestine**

# Freedom for Palestine End the Israeli Occupation

45 years ago Israel began its occupation of Palestine. Daily life for Palestinians under this occupation continues to be desperate. The West Bank and the Gaza Strip are like giant prison camps, patrolled by the Israeli army on land, sea and air. The Israelis decide who, and what, goes in or comes out. Many of the people are expected to live on \$2 per day and rely on the United Nations for food.

### **Israeli occupation means:**

- kidnapping and killing of Palestinians on a regular basis
- the imprisonment of Palestinian children
- the destruction of Palestinian farmland or its confiscation for Israeli settlers
- demolition of Palestinian homes
- ethnic cleansing of Palestinians from their land and homes

### **End the Israeli Occupation**

**Demand the withdrawal of the Israeli army & all Israeli settlers from Gaza & the West Bank**

**Support an economic, sporting, cultural & academic boycott of Israel**

**Release all Palestinian political prisoners**

**Right of return for all Palestinian refugees**
